### 21.26.010 – Purposes of Special Purpose Coastal Zoning Districts

The purposes of the individual special purpose coastal zoning districts and the manner in which they are applied are as follows:

- A. **OS (Open Space) Coastal Zoning District.** The OS Coastal Zoning District is intended to:
  - 1. Provide areas to maintain and protect the community's natural open space resources; and
  - 2. Maintain and protect landscaped open space areas located within residential and nonresidential developments, where no further development is allowed.
- B. **PC (Planned Community) Coastal Zoning District.** The PC Coastal Zoning District is intended to provide for areas appropriate for the development of coordinated, comprehensive projects that result in a superior environment; to allow diversification of land uses as they relate to each other in a physical and environmental arrangement while maintaining the spirit and intent of this Implementation Plan; and to include a variety of land uses, consistent with the Coastal Land Use Plan, through the adoption of a development plan and related text that provides land use relationships and associated development standards.
- C. **PF (Public Facilities) Coastal Zoning District.** The PF Coastal Zoning District is intended to provide for areas appropriate for public facilities, including community centers, cultural institutions, government facilities, libraries, public hospitals, public utilities, and public schools.
- D. **PI (Private Institutions) Coastal Zoning District.** The PI Coastal Zoning District is intended to provide for areas appropriate for privately owned facilities that serve the public, including places for assembly/meeting facilities (e.g., religious assembly),

congregate care homes, cultural institutions, health care facilities, marinas, museums, private schools, yacht clubs, and comparable facilities.

- E. **PR (Parks and Recreation) Coastal Zoning District.** The PR Coastal Zoning District is intended to provide for areas appropriate for land used or proposed for active public or private recreational use. Allowed uses include aquatic facilities, golf courses, marina support facilities, parks (both active and passive), private recreational facilities, tennis clubs and courts, and similar recreational facilities.
- F. **TS (Tidelands and Submerged Lands) Coastal Zoning District.** The TS Coastal Zoning District is intended to protect, maintain, and enhance the natural resources of the tidelands and submerged lands under the jurisdiction of the City of Newport Beach in a manner consistent with the Tidelands Trust.

#### 21.26.020 – OS, PF, PI, PR, and TS Coastal Zoning Districts Land Uses

- A. **Allowed Land Uses.** Table 21.26-1 indicates the uses allowed in the OS, PF, PI, and PR Coastal Zoning Districts. Allowed uses in the TS Coastal Zoning District uses are subject to the Common Law Public Trust, which limits uses to navigation, fishing, commerce, public access, water-oriented recreation, open space and environmental protection (see Section 21.48.085).
- B. **Prohibited Land Uses.** Any table cell with “—” means that the listed land use is prohibited in that specific coastal zoning district.
- C. **Applicable Regulations.** The last column in the tables (“Specific Use Regulations”) may include a reference to additional regulations that apply to the use.
